Section 214 Application (47 C.F.R. § 63.18)

Unless otherwise specified, the following procedures apply to the applications listed below:

The application listed below has been found, upon initial review, to be acceptable for filing. This application is not subject to the streamlined processing procedures set forth in section 63.12 of the Commission's rules, 47 C.F.R. § 63.12. This application shall not be deemed granted until the Commission affirmatively acts upon the application. Operation for which authorization is sought may not commence except in accordance with any terms or conditions imposed by the Commission.

Interested parties may file comments with respect to this application within **14 days** of the date of this public notice, and Applicants may file replies within **7 days** thereafter. We request that such comments and replies refer to the application file number shown below. *Ex parte* communications between outside parties and Commission staff concerning this application is permitted subject to the Commission's rules for the "permit-but-disclose proceedings." See 47 C.F.R. § 1.1206.

Copies of the application listed here are available for public inspection in the FCC Office of Public Affairs Reference and Information Center, located in room CY-A257 at the Portals 2 building, 445 12th Street SW, Washington, DC 20554. The center can be contacted at (202) 418-0270. The application listed is subject to further consideration and review, and may be returned and/or dismissed if not found to be in accordance with the Commission's rules, regulations, and other requirements.

ITC-214-20021009-00495

Qwest LD Corp.

International Telecommunications Certificate

Services: Global International Facilities-Based and Resale Services

Application for authority to provide service in accordance with the provisions of section 63.18(e)(1) and (2) of the Commission's rules, specifically: (1) authority to provide global international facilities-based service except to those countries listed on the Commission's exclusion list, and to resell international services between all points in the states of Colorado, Idaho, Iowa, Nebraska, North Dakota, Montana, Utah, Washington, Wyoming, and all "out-of-region" states and all international points; and (2) authority to provide global international facilities-based service, except to those countries listed on the Commission's exclusion list, and to resell international services between all points in the states of Arizona, Minnesota, New Mexico, Oregon and South Dakota, and all international points, at such time as Qwest Communications International, Inc. (Qwest Communications) receives authority to provide in-region, interLATA service for each of these states pursuant to section 271 of the Communications Act of 1934, as amended, 47 U.S.C. § 271. *See 2000 Biennial Regulatory Review, Amendment of Parts 43 and 63 of the Commission's Rules*, Report and Order, IB Docket No. 00-231, FCC 02-154, 17 FCC Rcd 11416 (2002). Pursuant to section 63.10 of the Commission's rules, Applicant requests non-dominant treatment for all routes.

This application covers traffic originating in the states of Colorado, Idaho, Iowa, Nebraska, North Dakota, Montana, Utah, Washington, Wyoming, Arizona, Minnesota, New Mexico, Oregon, and South Dakota, which are the "in-region" states of Qwest Communications. The applicant, Qwest LD Corp. (Qwest LD), is an indirect, wholly-owned subsidiary of Qwest Communications. Qwest LD requests grant of this application at the same time as the Commission grants Qwest Communications' pending application to provide in-region, interLATA service in the states of Colorado, Idaho, Iowa, Nebraska, North Dakota, Montana, Utah, Washington, and Wyoming under section 271 of the Act.

Commenters should limit their comments in this proceeding to issues specific to the request of Qwest LD for authorization under section 214 to provide international service. Issues related to whether Qwest Communications has met the criteria under section 271 for entry into interLATA services in the states of Colorado, Idaho, Iowa, Nebraska, North Dakota, Montana, Utah, Washington and Wyoming will be addressed in the context of the pending section 271 application for those states. *See Comments Requested on the Application by Qwest Communications International, Inc. for Authorization under section 271 of the Communications Act to Provide In-region, InterLATA Service in the States of Colorado, Idaho, Iowa, Nebraska, North Dakota, Montana, Utah, Washington and Wyoming*, WC Docket No. 02-314, Public Notice, DA 02-2438 (rel. September 30, 2002). Similarly, issues related to whether Qwest Communications meets the criteria under section 271 for entry into interLATA services in its remaining in-region states would be addressed at such time as Qwest files a section 271 application for these states. Qwest LD acknowledges that grant of its request for authority to provide international services from these remaining in-region states would be conditioned such that it would be effective for each state only at such time as Qwest receives section 271 authority for that state.

REMINDER

Applicant must certify that neither the applicant nor any party to the application is subject to a denial of federal benefits by federal and/or state courts under authority granted in 21 U.S.C. § 862. *See* 47 C.F.R.

§§ 1.2001-.2003.
